

JSPS International Fellowships for Research in Japan
JSPS Postdoctoral Fellowship for Research In Japan (Standard)
Application through an overseas nominating authorities
Application Guidelines for FY 2018

The JSPS Postdoctoral Fellowship for Research in Japan provides opportunities for young and excellent postdoctoral researchers from other countries to conduct, under the guidance of their hosts, cooperative research with leading research groups in universities and other Japanese institutions. The program allows such researchers to advance their own research while contributing to the progress of research in Japan and the counterpart countries.

1. FIELDS OF RESEARCH

All fields of the humanities, social sciences and natural sciences are included under this program.

2. ELIGIBILITY

Each candidate for the fellowship must:

- 1) Be a citizen of a country that has diplomatic relations with Japan (JSPS treats Taiwanese and Palestinian researchers in this manner) and possess Swedish nationality, citizenship or permanent residency.
- 2) Hold a doctorate when the fellowship goes into effect, which must have been received within six years prior to April 1, 2018 (i.e. awarded on or after April 2, 2012), or be scheduled to receive a doctorate before the fellowship goes into effect.
- 3) Be able to arrange in advance a research plan with his/her host in Japan.

[Notes]

- Those who have previously been awarded a fellowship under the JSPS Postdoctoral Fellowship for Research in Japan (Standard or Pathway) are not eligible.
- Those who do not meet the above nationality/citizenship requirement may apply for the program only if the competent organization agrees to accept their applications. Such researchers may be nominated to JSPS so long as they do not reduce the number of nominees with eligible status. However, researchers of Japanese nationality are not eligible, nor are those of dual nationality if one is Japanese. Also those who have permanent residency in Japan are not eligible.
- You are not eligible to apply for the fellowship with the professional degree, such as a Japanese professional degree or JD/MD in the United States.

3. PERIOD

From 12 to 24 months (full months)

4. STARTING DATE

Fellows must start their fellowship in Japan during the period of **1 August 2018– 30 November 2018**

5. TERMS OF AWARD

- 1) A round-trip air ticket (based on JSPS regulations)
- 2) A monthly maintenance allowance of 362,000 yen
- 3) A settling-in allowance of 200,000 yen
- 4) Overseas travel accident and sickness insurance coverage, etc.

[Notes]

- The amounts of awards indicated above are subject to change.
- The “to Japan” portion of the round-trip air ticket is not provided to fellows already residing in Japan before the start of the

fellowship.

- The above-mentioned settling-in allowance is not provided to fellows already residing in Japan before the date the award letter is issued.
- A research grant, “Grant-in-Aid for Scientific Research” (Tokubetsu Kenkyuin Shorei-hi) is available to cover cooperative research-related expenses. Application for these grants is made by the host researcher through his/her institution.

6. HOST RESEARCHERS AND HOST INSTITUTIONS IN JAPAN

The host researcher must, in principle, be a researcher who is employed full-time at a university or research institution as specified in Article 2* of the Procedure for the Handling of Grants-in-Aid for Scientific Research (Kakenhi), issued by the Ministry of Education, Culture, Sports, Science and Technology (MEXT). However, in some cases, a researcher not employed in a full time position may be eligible. Such persons must be eligible to apply for a KAKENHI grant-in-aid and his/her affiliated institution must judge them able to implement the project and to provide an appropriate research environment (e.g., laboratory, equipment, personnel) to do so.

*Eligible host institutions specified under the above MEXT Procedure are as follows:

- 1) Universities and inter-university research institutes
- 2) MEXT-affiliated institutions engaged in research
- 3) Colleges of technology
- 4) Institutions designated by the Minister of MEXT

[Note]

- Full-time employment classification is determined by the regulations of the host institution.

7. APPLICATION PROCEDURE FOR THE PROGRAM

Applications for this program must be submitted to JSPS through the JSPS Stockholm Office.

Application process is as follows:

- 1) The candidate who wishes to conduct cooperative research in Japan contacts the prospective host.
- 2) The candidate submits an application to JSPS Stockholm Office.
- 3) JSPS Stockholm Office asks the Royal Swedish Academy of Sciences (KVA), Swedish Governmental Agency for Innovation Systems (VINNOVA), and Swedish Foundation for Strategic Research (SSF) to conduct an evaluation of each candidate.
- 4) KVA, VINNOVA or SSF conducts an evaluation to select the candidates and submits them to JSPS.
- 5) JSPS decides the final candidates based on the proposals of KVA, VINNOVA and SSF.
- 6) JSPS notifies both the candidates and the relevant institutions.

[Notes]

- JSPS does not find or introduce host researchers.
- When setting the starting date of fellowships, adequate time should be allowed for application processing: e.g., application screening by KVA, VINNOVA or SSF and selection by JSPS (It takes approximately four months from submitting an application to receiving results.)
- JSPS will not respond to individual inquiries regarding selection or results.
- In addition to receiving applications through overseas organizations, JSPS also accepts application from host researcher in Japan as an applicant (open recruitment) who agrees to host an overseas postdoctoral researcher. <http://www.jsps.go.jp/english/e-fellow/index.html>

8. MATERIALS TO BE SUBMITTED

- 1) Application form prepared by each candidate (Format FY2018 Standard).
- 2) A letter of invitation from the candidate's prospective host researcher in Japan, stating that he/she accepts

the candidate at his/her institution during the period of the fellowship tenure. The letter should be signed by the host himself/herself. It is preferable to create it with letterhead.

- 3) A letter of reference from the candidate's current or previous supervisor (not from his/her prospective host researcher in Japan). The letter should be signed by the recommender himself/herself. It is preferable to create it with letterhead.
- 4) A copy of the candidate's PhD diploma or the original PhD certificate. If the degree has not yet been awarded, a letter is required from the candidate's institution stating **the date** that he/she will officially receive the degree. In that case, the candidate should submit to JSPS the original of the degree certificate or the copy of the diploma when it is received before starting his/her fellowship. The diploma or the certificate should be signed or stamped with an official seal.
- 5) All documents submitted by e-mail must be converted to PDF files.

[Notes]

- All documents must be in English. When the original document is in another language, please an English translation must be attached (an official translation is not required: documents may be translated by the host or candidate).
- With regard to section "12. Proposed Research Title" in the application form, the entry should be within 100 letters including spaces and symbols.

9. ADDRESS AND DEADLINE FOR SUBMISSION OF APPLICATION FORMS

(Address and Inquiries)

-JSPS Stockholm Office

Contact: Fumie Yamashita (jspst-sto@jspst-sto.com)

Please use the subject line "Application for 2018 JSPS Postdoctoral Fellowship (Standard)" when sending email.

(Deadline)

February 28, 2018 (Wed) 17:00 CET

10. SCREENING POLICY

- (1) Candidates should be outstanding researchers who are expected to contribute to the future of Science.
- (2) The research plan should be of high scientific quality, specific and realistic.
- (3) The proposed collaboration should clearly develop synergies and form strong linkages between Japan and Sweden.

11. OBLIGATION (INCLUDING MEASURES AGAINST MISCONDUCT AND MISUSE OF FUNDS)

The host researchers, fellows and host institution should bear the following nine points in mind when applying for the program, and should observe them if selected for a fellowship. After selection, they will be expected to observe the regulations and procedures stipulated in the Program Guidelines for the JSPS Postdoctoral Fellowship for Research in Japan. If either the fellow or host should fail to do so, the fellowship may be withdrawn, allowances (including airfares) stopped, and already-paid allowances reclaimed.

- (1) So as to allow the smooth progress of the fellow's research in Japan, before submitting an application, the host researcher shall fully inform the candidate of conditions at the host institution, including his/her status under the fellowship, and will ascertain the candidate's acknowledgement to accept those conditions.
- (2) The host researcher will, in cooperation with the administration office of the host institution, provide a suitable arrangement for the fellow to pursue his/her joint research. The host will also assist the fellow, when needed, with immigration processing (including applying for a "certificate of eligibility"), securing domicile and other matters related to his/her stay in Japan.

- (3) During fellowship tenures, the host is advised not to commit such acts of discrimination or abuse with regard to his/her fellow, and should be particularly careful that what s/he says or does cannot be interpreted as committing such acts.
- (4) During their tenures, fellows shall not, either in or outside the host institution, infringe in any way on the human rights of others, including racial or gender discrimination or other forms of abuse.
- (5) As a rule, fellows shall stay in Japan continuously during the tenure of their fellowships and concentrate on their research at the host institution. Fellows may, however, suspend their fellowships for the purpose of childbearing or infant nursing. Fellow may not engage in other work, neither paid nor unpaid, during their tenures.
- (6) The host researchers and fellows shall follow the rules established by the host institution and JSPS prohibiting acts of research misconduct, e.g., fabricating or falsifying research results.
- (7) The fellow and host researcher must submit a research report using separately prescribed format.
- (8) The host institution shall inform both the host researcher and the fellow of the rules that it and JSPS have established to prevent research misconduct and misuse of research funds and of the penalties for violations.
- (9) The host shall take first responsibility for the fellow's actions, so must be proactive in preventing any discrimination, misconduct or misuse on the part of the fellow during his/her tenure. If any such problems should occur, the host would endeavor to resolve them.

12. HANDLING OF PERSONAL INFORMATION

With regard to personal information contained in application materials, it shall be strictly controlled in accordance with the "Law to Protect Personal Information Held by Independent Administrative Institutions" and JSPS's own regulations for protecting personal information. JSPS will use such information exclusively for implementing its programs. (This may involve the provision of personal information to external companies commissioned to electronically process and manage program-related data.)

If selected for a fellowship, fellows should note that their name, title, affiliated organization and country, research title, host institution, host researcher's name and title, and research reports may be given public access. Fellows are also asked to participate in surveys aimed at improving JSPS programs.

13. NOTES

- Should JSPS determine any information in an application to be falsified, plagiarized or otherwise flawed, the application will be rejected or, if already awarded, the fellowship withdrawn.
- JSPS does not support any research project related to military affairs.
