Bilateral Programs

The aim of these programs is to form sustained networks which have evolved from exchanges between individual scientists, including young scientists. For further information, please refer to the link below: <https://www.jsps.go.jp/english/e-bilat/index.html>

Core-to-Core Program

This program is designed to create world-class research hubs in cutting-edge research fields and establish sustainable collaborative relations among research institutions in Japan and around the world. For further information, please refer to the link below: <https://www.jsps.go.jp/english/e-c2c/index.html>

Alumni Associations

The JSPS alumni associations form and maintain close networks among former fellows and JSPS supports the creation and operation of alumni communities. The alumni clubs hold seminars, general assemblies and board meetings annually.
