

JSPS
STOCKHOLM OFFICE

LUNDS Contemporary Topics in Ultrasonics

UNIVERSITET

9:00-12:00, September 4th, 2023

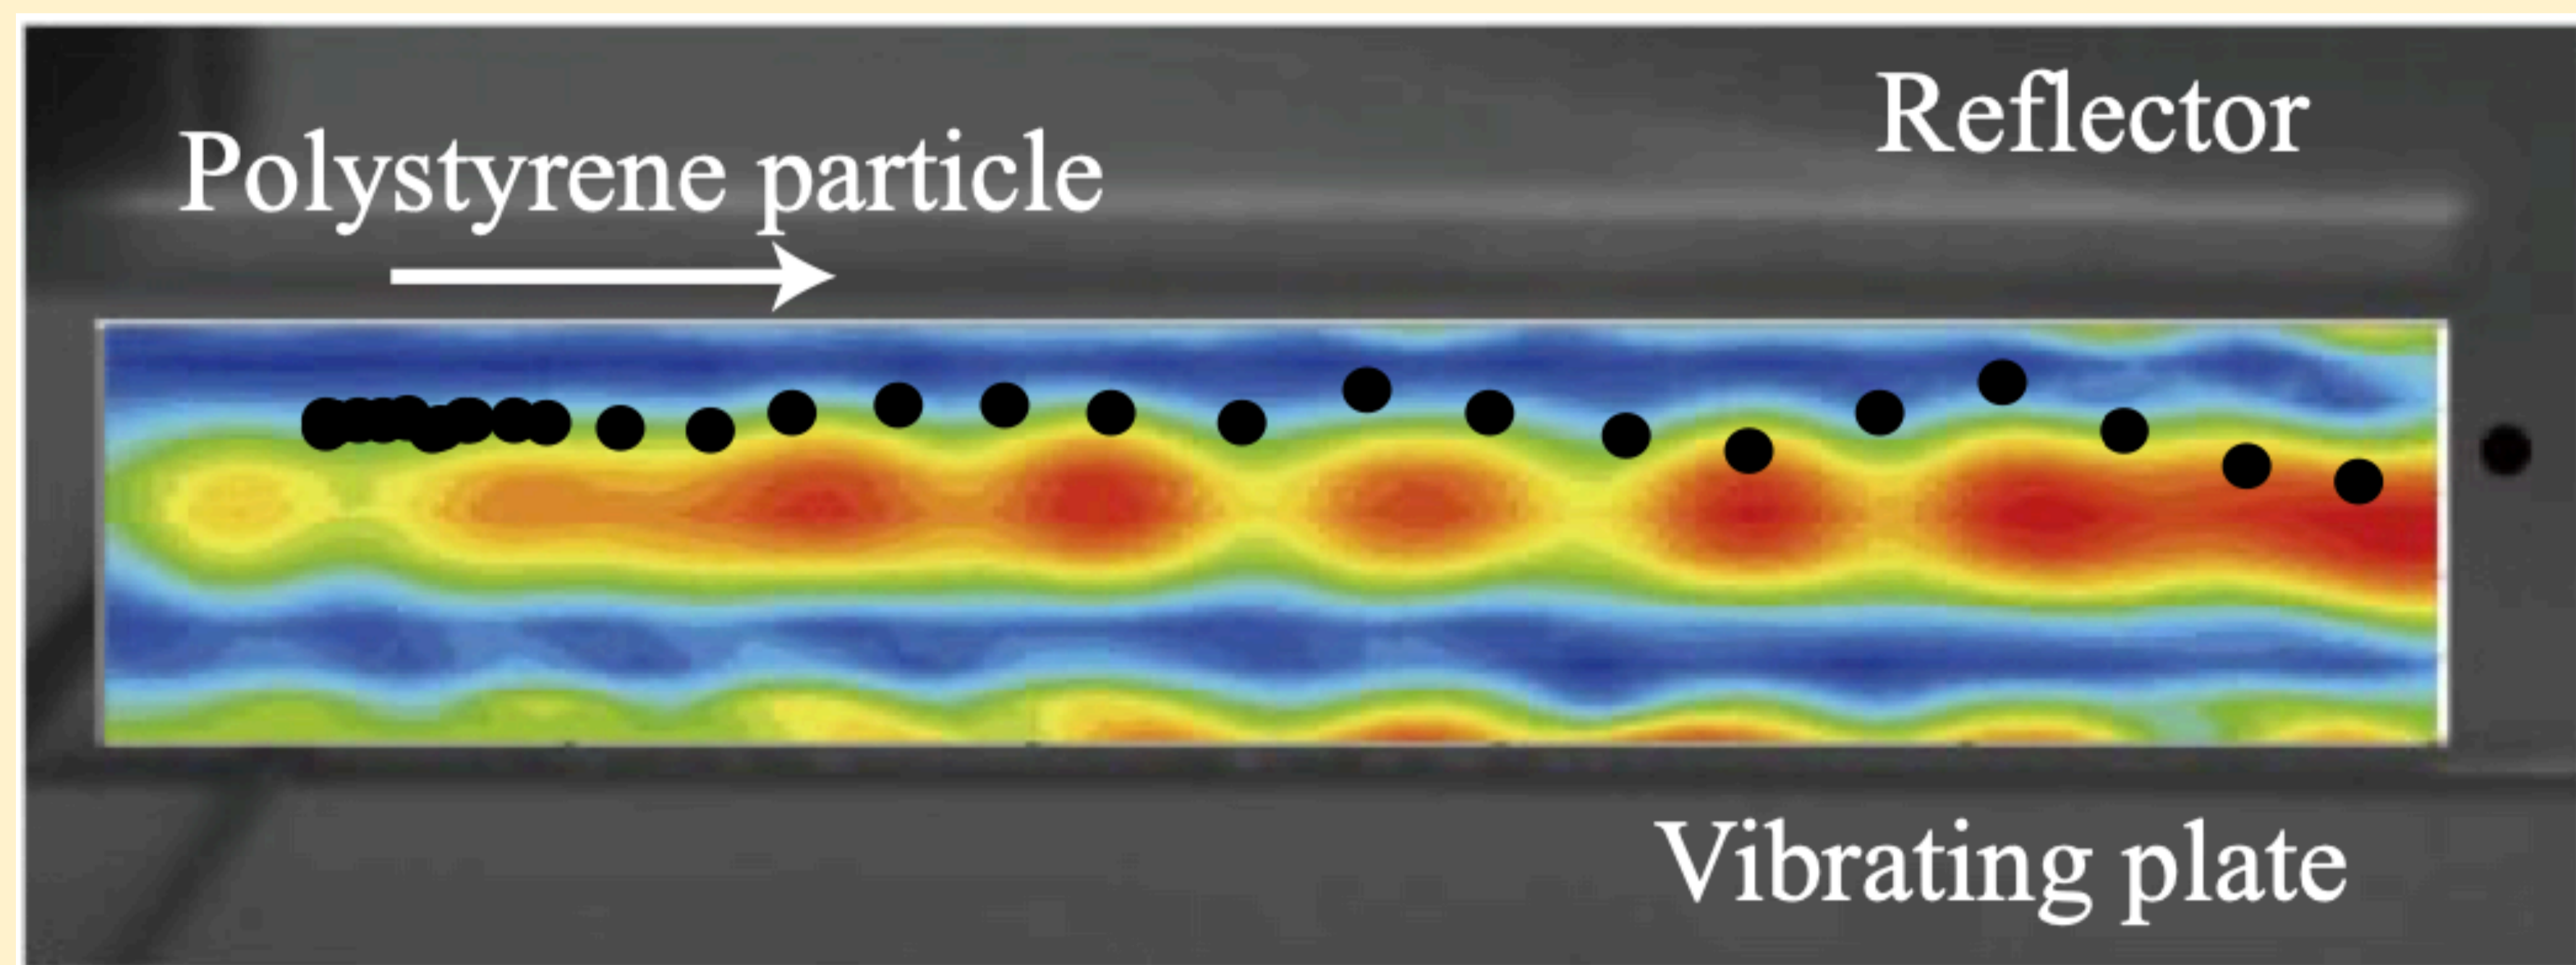

Venue: E1328, E-huset, Ole Römers väg 3, Lund

Online access: <https://lu-se.zoom.us/j/3234027697>

Prof. Kentaro Nakamura, Tokyo Institute of Technology

Optical instrumentation of high intensity ultrasonic fields for exploring applications of ultrasonic manipulation technique

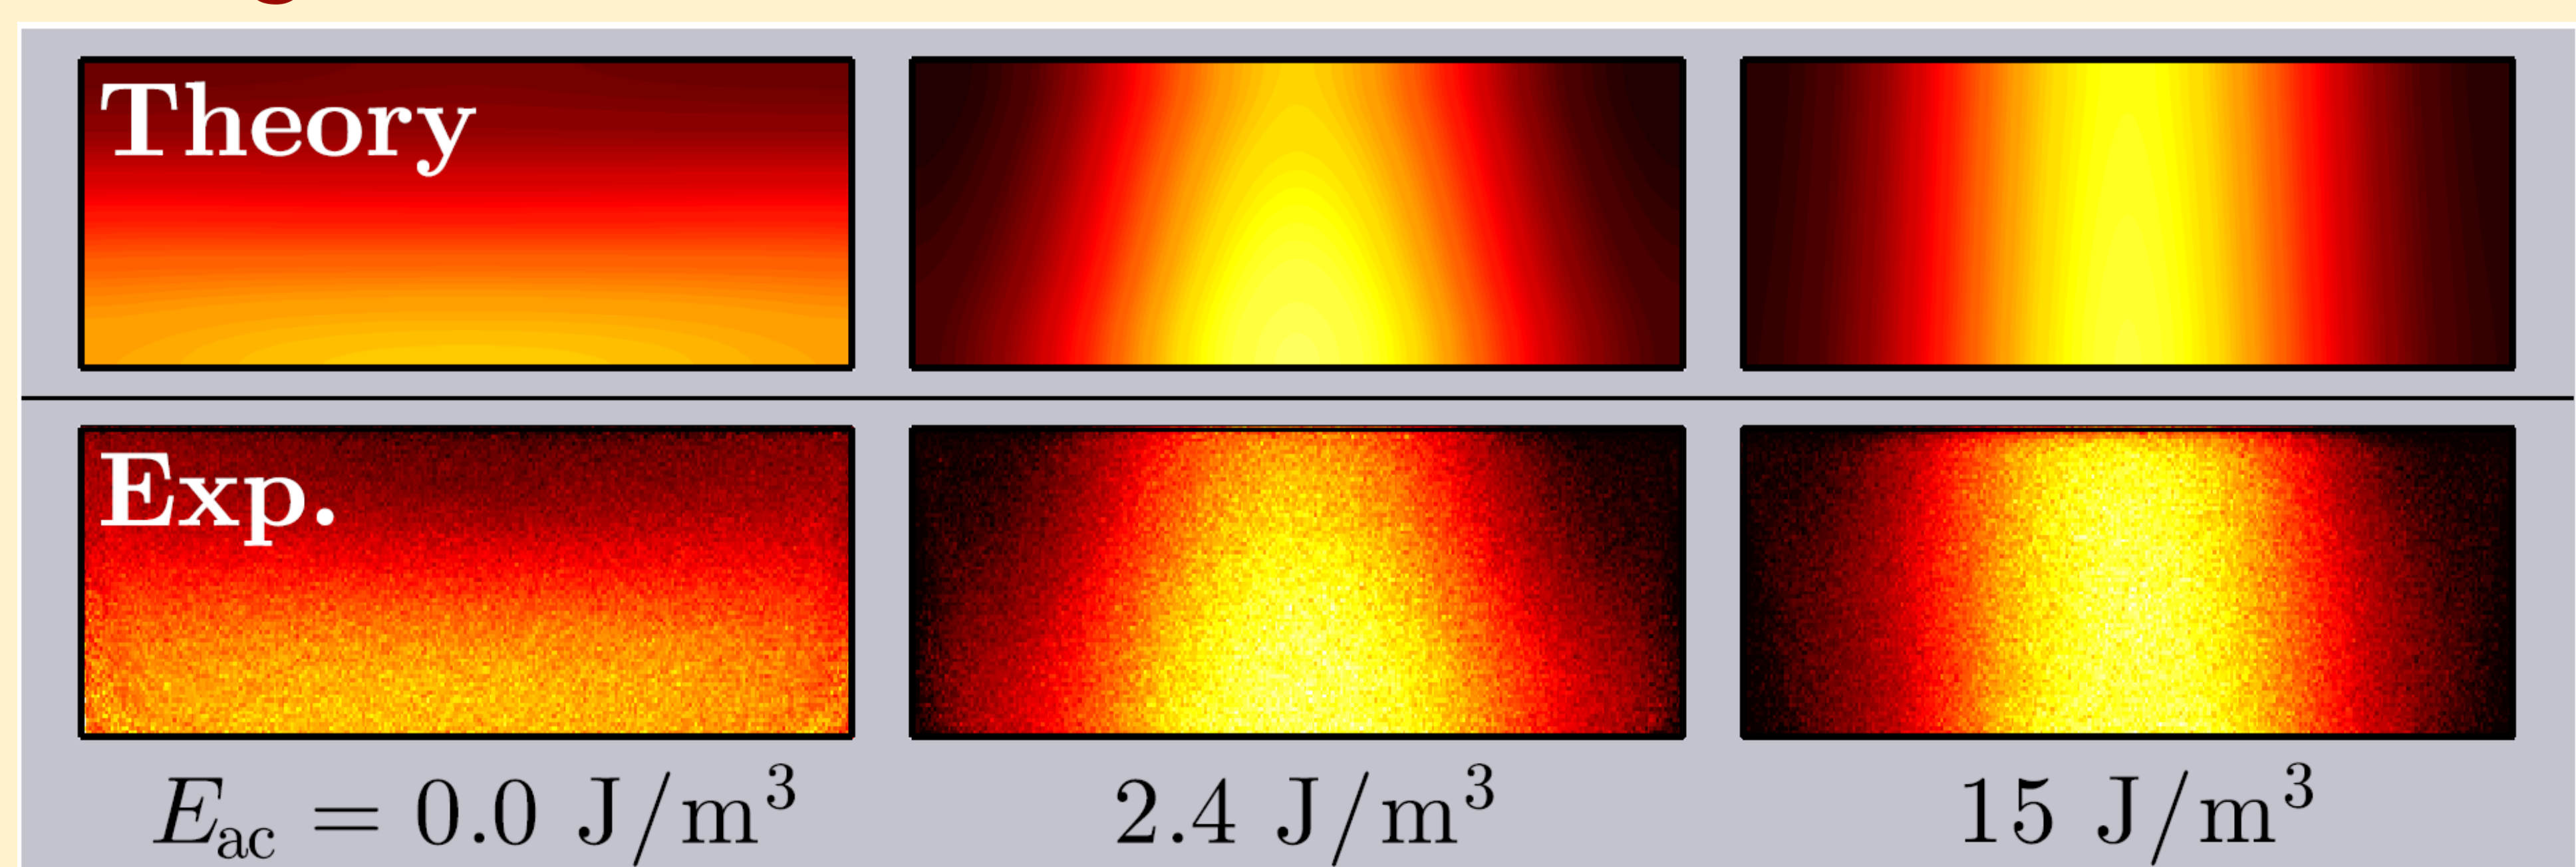

Prof. Takeshi Morita, The University of Tokyo

High-power ultrasonic transducers for megahertz range, multi-modes and non-sinusoidal waveform operations

Prof. Henrik Bruus, Technical University of Denmark

Physical aspects of the acoustic body force in inhomogeneous fluids

Organizer: Wei Qiu, Lund University
Contact: wei.qiu@bme.lth.se

Audience: Open to public
Registration: Not required
